

All Floor Surface Neutralizer & Conditioner

For Floors:

Removes alkaline stripper residue from floors before recoating. Effectively dissolves ice-melt salt compounds, lime deposits and hard water stains from floors, glass, tile, and metals. Excellent for rinsing floor pads and mop heads to neutralize excess alkalinity and odors.

How to Use

Floor Neutralizing: Add 1 pak to 2-3 gallons of water. Mix well. Mop a generous solution onto floor. Follow with at least one clear water solution to remove neutralized residue.

Removal of ice-melt compound, lime deposits and hard water stains: Add one pak to two gallons of water. Mix well. Mop a generous solution onto floor. Wipe clean with mop or wet vacuum.

Where to Use

Use before recoating floors.

U.S. Patent No. 6,037,319

Technical Data

Pak Size: 45 Grams

Solubility in Water: Complete

pH at Use Dilution: 3.5 ± 0.5

Color: Clear

Fragrance: Bland

Phosphates: None
