

# Low Foam Extraction Cleaner

## For Floors:

Specially formulated for use with carpet extraction equipment. It quickly emulsifies soil and grease, brightens carpet fibers, leaves no residue keeping carpets looking fresher. Reduce moisture, brittle dry-down, and encapsulating action trap dirt and expedite drying time.

## How to Use

Vacuum up all loose dirt and debris. If traffic areas are heavily soiled, pre-clean with traffic Lane Cleaner. Add 1 pak per 4 gallons of water. Mix well. Apply solution to surface with carpet extraction equipment. Pick up dirty solution with carpet extraction equipment. For heavy soil, add one pak to 1-3 gallons of water. Mix well. Follow the above directions. Note: Dissolve pak completely before proceeding. Follow operating instructions for steam or carpet extraction equipment.

## Where to Use

Works well on all types of carpets.

U.S. Patent No. 6,037,319

### Technical Data

**Pak Size:** 40 Grams

**Solubility in Water:** Complete

**pH at Use Dilution:**  $8.5 \pm 0.5$

**Color:** Clear Green

**Fragrance:** Palmolive

**Phosphates:** None
