

Vehicle Wash & Shine

Formulated for the manual washing of all types of vehicles, this product is designed to easily loosen and remove the wide variety of dirt and grime that builds up on vehicles. After rinsing a thin clear film will be left behind helping to bead water and produce a brilliant shine.

How to Use

Just add one pak to 3-5 gallons of warm water. Wash in your accustomed manner using a cloth, sponge or chamois, apply and agitate to remove soil and rinse with clean water. Wipe dry or allow to air dry.

Where to Use

- Cars
- Trucks
- RV's
- Various other types of vehicles

Technical Data

Pak Size: 40 Grams
Solubility in Water: Complete
pH at Use Dilution: 8.5 ± 0.5
